

# FACULTY OF EDUCATION

2026-2027 VIEWBOOK

UNIVERSITY  
OF ALBERTA

# WE ARE

in awe of the power of education to change lives. It's why we are dedicated to preparing the next generation of teachers, scholars and leaders to take hold of opportunity – and transform it for a better tomorrow.

When you join the University of Alberta's Faculty of Education, you are joining one of the world's top faculties of education. A degree from our faculty means your credentials will be recognized worldwide.

# THE FACULTY OF EDUCATION

Education students outside Education Centre – North building at the U of A.

## Faculty and Facilities

Established in 1942, we are proud to hold the title of Canada's first Faculty of Education.

## Deeper Learning

Students can enter our undergraduate program directly from high school, as transfer students with course credits obtained at another post-secondary institution, or as After Degree students.

### In the undergraduate program, you will:

- Learn about teaching theory
- Become an expert in different content areas
- Complete at least two professional Field Experience terms

The result? You'll become a professional educator equipped with the tools needed to lead a classroom full of inquisitive minds to a brighter future. Nothing is more rewarding than that!

## Teaching With Impact

We are home to award-winning teachers, internationally-recognized researchers, educational innovators and community leaders.

Our faculty members provide groundbreaking contributions and leadership across many areas including Indigenous Peoples education, educational measurement, curriculum and pedagogy, policy development and more.

## Serving the Public Good

In the Faculty of Education, we:

- Discover and mobilize knowledge.
- Engage with local, national and international communities.
- Educate classroom teachers and other professionals to work in complex, diverse and changing contexts.

At heart, we are a supportive, welcoming academic community – packed with highly engaged, socially conscious and diverse scholars, students and staff. Our work impacts K-12 students, their families, communities and partners in education and other professions.

We advance the careers of future researchers, teachers, professionals and policy makers as active and contributing citizens.

# LIFE IN EDUCATION

“

When I started university in 2020, all my courses were online, and I felt I was missing out on the true university experience. When classes moved back in-person, getting involved on campus and pursuing opportunities to take my learning outside of the classroom was a priority.

I am grateful to be involved in the U of A Ambassador Program and the Student Advisory Committee on campus, which have allowed me to become part of the greater campus community.

As I prepare to start my first teaching practicum, I feel extremely lucky to have been influenced by so many amazing people.”

### **KATIA**

4th Year, Bachelor of Kinesiology/Bachelor of Education (combined degree)

Katia's love for teaching, matched with her love for basketball led her to coach a high school women's basketball league.

## Education Students' Association

The Education Students' Association (ESA) is the undergraduate Faculty Association for all Education students at the U of A, as well as Student Local No. 1 of the Alberta Teachers' Association. As a volunteer-based, not-for-profit organization, ESA is run by Education students for Education students.

ESA members are motivated to create the best student association possible. We're always striving to further our mandate by:

- Evolving an engaging community for all faculty students.
- Providing leadership and a voice for all Education students, both academically and professionally.
- Offering professional development and networking workshops with the Alberta Teachers' Association (ATA), Alberta Education and various school boards.

# PROGRAMS OFFERED IN EDUCATION

## Bachelor of Education: Elementary

The Bachelor of Education Elementary program prepares future teachers to teach all subjects to children at the elementary school level, from kindergarten through grade 6.

### You will:

- Learn about teaching basic concepts and the social education of young learners.
- Participate in a minimum of 14 weeks of student teaching field experience.
- Become the homeroom teacher that children will remember for a lifetime.

## Bachelor of Education: Secondary

The Bachelor of Education Secondary program prepares future teachers to pass on their passion for inquiry, discovery and learning to students in grades 7 to 12.

### You will:

- Choose a teachable major and minor from over 1,000 combinations.
- Participate in a minimum of 14 weeks of student teaching field experience.
- Become a teacher that inspires students to pursue greatness.

Students now have the option to spend their first two years of study in the BEd Elementary program at the Augustana Campus in Camrose and the final two years at the Faculty of Education at the North Campus in Edmonton.

## Majors and Minors

### Majors:

- Art
- Biological Sciences
- Career & Technology Studies (CTS)
  - Communication Arts\*
  - Computing Science
  - Design\*
  - Health\*
  - Human Sciences (Nutrition or Fashion/Textile)
  - Media\*
  - Natural Resources\*
  - Recreation\*
  - Trades, Manufacturing, and Transportation\*\*

- Chemistry
- Drama
- English Language Arts
- General Sciences
- Mathematics
- Music: Wind Band
- Physical Education
- Physical Sciences
- Physics
- Second Languages
  - Cree
  - French
  - German
  - Japanese
  - Spanish
  - Ukrainian
  - Other
- Social Studies

### Minors:

- Art
- Biological Sciences
- Career & Technology Studies (CTS)
- Chemistry
- Drama
- English as a Second Language
- English Language Arts
- General Sciences
- Health Education

# 5-YEAR COMBINED DEGREE AND AFTER DEGREE PROGRAM

Learn about all the BEd programs at [ualberta.ca/education/programs](https://ualberta.ca/education/programs)

## 5-Year Combined Degree

The combined degree programs allow students to do the first two or three years of their undergraduate studies with the Faculty of Arts; Faculty of Native Studies; Faculty of Kinesiology, Sport, and Recreation; Faculty of Science or at Augustana Campus. Remaining years are taken with the Faculty of Education.

**You get two bachelor's degrees in five years!**

Students interested in a combined degree must enter the program by applying to the partner faculty first. All admissions inquiries should be directed to the partner faculty.

### Combined Degrees (5-Year Programs):

#### Elementary Route

- Bachelor of Arts (Native Studies) / Bachelor of Education
- Bachelor of Kinesiology / Bachelor of Education
- Bachelor of Music / Bachelor of Education

#### Secondary Route

- Bachelor of Arts (Native Studies) / Bachelor of Education
- Bachelor of Arts (Drama) / Bachelor of Education
- Bachelor of Kinesiology / Bachelor of Education
- Bachelor of Music / Bachelor of Education
- Bachelor of Science (Specialization) / Bachelor of Education
- Bachelor of Science (Augustana Campus) / Bachelor of Education

## After Degree Program

The BEd program can be completed as an After Degree, which is designed for students who already hold an approved university degree. You can specialize in elementary or secondary education.

## Off-Campus Collaborative Programs

**Unsure about making the big move to Edmonton? Looking to study in a smaller group setting? We got you!**

Consider the Collaborative Elementary Education Program at Keyano College in Fort McMurray in Fall 2027.

Students enter the program after having successfully completed 60 units of course weight of transferable course credit at another accredited post-secondary institution, or as an After Degree applicant. You will graduate with a University of Alberta Bachelor of Education degree and qualify for teacher certification in Alberta, while staying in your community.

## Aboriginal Teacher Education

The Aboriginal Teacher Education Program (ATEP) has had tremendous success over the last 23 years, playing a vital and direct role in improving education for Aboriginal children in Alberta and throughout Canada by increasing the number of Aboriginal teachers working in classrooms.

ATEP enhances understanding of Aboriginal worldviews, knowledge systems, histories, educational experiences and ways of knowing and being. More than 95% of ATEP graduates are currently teaching, working in various leadership roles or pursuing graduate studies.

The ATEP program is a specialized route to a Bachelor of Education (Elementary) or a Bachelor of Education After Degree in Secondary Education, with a major in Indigenous Languages (for fluent Indigenous language speakers).

ATEP offers flexible course offerings in both in-person and online formats, and students can study full-time and part-time to ensure their education fits their lifestyle. To be considered for admission, students must meet the specific entrance requirements and follow all application instructions for the cohort they are applying to.

## Field Experience

This is where theory meets practice – with 14 weeks of supervised student teaching! All Education students participate in field experiences during their studies. On-campus coursework in the first part of the term supports you prior to going out to your placement.

Student teaching is about applying what you have learned in your university courses to a real-life school setting. Develop new skills and strategies, as well as a professional identity within a school.

Every year, our undergraduates tell us that student teaching was the highlight of their teacher education program!

### Introductory Field Experience

The Introductory Field Experience (IFX) consists of an eight-week on-campus seminar, three in-school observation days and a five-week field experience.

### Advanced Field Experience

The Advanced Field Experience (AFX) is a nine-week field experience. Once student teachers have gained experience teaching in the IFX, the AFX gives them the opportunity to further develop teaching knowledge and skills.

### EDFX 200

Effective Fall 2025, students will be required to take EDFX 200, a five-day field experience grounded in active observation where pre-service teachers will begin to develop professional noticing and reflective practice in school contexts.

University access program for Indigenous students – Transition Year Program:  
[uab.ca/typ](https://uab.ca/typ)

## ACADEMIC REQUIREMENTS

Admission to the Bachelor of Education program is competitive. The high school admission average may vary by year.

### High School Requirements

- English Language Arts 30-1
- Choose three:
  - Biology 30
  - Chemistry 30
  - Math 31
  - Physics 30
  - Pure Math 30 or Math 30-1/ Math 30-2\*
  - Science 30
  - Social Studies 30-1
  - Aboriginal Studies 30-1
  - Computing Science - Advanced Level CTS (5 credits)
  - 30-level language other than English
- Choose one:
  - Humanities/Social Sciences
  - Languages other than English
  - Fine Arts
  - Maths/Sciences
  - Physical Education 30 (5 credits)
  - 30-level CTS course (5 credits)

### After Degree Program Requirements

- A 3- or 4-year degree from an accredited post-secondary institution.
- A competitive Admission GPA (AGPA) based on the most recent 24 transferable credits without splitting a term. Please note that the required competitive AGPAs may change from year to year and throughout the admission cycle.

### Transfer Requirements

Applicants with 24-60 transferable post-secondary credits must present a competitive admission grade point average. Students with 9-24 credits must present a combination of high school requirements and a competitive admission grade point average.

[uab.ca/TransferStudent](https://uab.ca/TransferStudent)

\* Although not required for admission, it is strongly recommended that students entering Elementary Education possess Math 30-1 or Math 30-2 in order to meet the prerequisites for courses within the program. Please note that for some Secondary Education Major/Minor routes, students are required to present specific 30-level courses (or equivalent) in order to complete the requirements of each Major/Minor. These courses do not have to be presented for admission but are prerequisites for university course registration.
