

Sustainability Studies

Resources are limited in our world – from water to money to time. This is why sustainability has become a priority for organizations. Discover how decisions impact our environment, our budgets and everyday lives. You'll be prepared to identify and implement new solutions to current challenges, both locally and globally. Learn more at uab.ca/AugPrograms

Your Academic Requirement Report in Bear Tracks shows your progress and provides complete details on your program. Not every student's path will be this linear. You may choose to take a lighter course load, take time off or participate in extracurriculars that will extend your program time. We recommend speaking to a student advisor about planning your degree. **Learn more at uab.ca/AugSAS**

Sustainability Studies

Check out these degree-enhancing opportunities:

Make the most of your degree by taking advantage of these unique opportunities:

Field Studies Courses

Engage in research projects that are relevant to ecology, parks, conservation biology, and natural resource management at the Augustana Miquelon Lake Research Station.

Short-term Trips

Explore and connect with individuals from around the world with trips to places like India, Greece and the USA.

Community Service-Learning

Gain real world experience and professional competencies volunteering with local organizations as part of credit courses.

Costa Rica Field Studies

Develop your research skills focusing on tropical biodiversity while experiencing Costa Rican Culture and diverse landscapes.

Career development:

Build your career knowledge, skills and connections throughout your degree. More ideas at uab.ca/AugCS
