Your Academic Requirement Report in Bear Tracks shows your progress and provides complete details on your program. Not every student's path will be this linear. You may choose to take a lighter course load, take time off or participate in extracurriculars that will extend your program time. We recommend speaking to a student advisor about planning your degree. **Learn more at uab.ca/AugSAS**

Environmental Science

Check out some degree-enhancing opportunities:

Make the most of your degree by taking advantage of these unique opportunities:

Field Studies Courses

Engage in research projects that are relevant to ecology, parks, conservation biology and natural resource management at the Augustana Miquelon Lake Research Station.

Costa Rica Field Studies

Develop your research skills focusing on tropical biodiversity while experiencing Costa Rican Culture and diverse landscapes.

Community Service-Learning

Gain real-world experience and professional competencies through volunteering with local organizations as part of credit courses.

Undergraduate Research

Work one-on-one with professors on research topics. Gain valuable research experience that can help you prepare for graduate school.

Prepare for your career:

Build your career knowledge, skills and connections throughout your degree. More ideas at uab.ca/AugCS
