

Psychology and Mental Health

(Mental Health and Well-Being)

Curious about how we form attitudes, cope with stress, or how people recover from brain injury? Explore diverse psychological theories, master the scientific method, and sharpen your critical thinking. You'll earn certificates in brain research or community mental health, all while gaining hands-on experience through volunteer work. Learn more at uab.ca/AugPrograms

Your Academic Requirement Report in Bear Tracks shows your progress and provides complete details on your program. Not every student's path will be this linear. You may choose to take a lighter course load, take time off or participate in extracurriculars that will extend your program time. We recommend speaking to a student advisor about planning your degree. **Learn more at uab.ca/AugSAS**

Psychology and Mental Health

(Mental Health and Well-Being)

Check out some degree-enhancing opportunities:

Make the most of your degree by taking advantage of these unique opportunities:

Mental Health First Aid

Develop the skills needed to extend crucial support to individuals navigating mental health crises or challenges.

Community Service-Learning

Gain real-world experience and professional competencies through volunteering with local organizations as part of credit courses.

Undergraduate Research

Work one-on-one with professors on research topics. Gain valuable research experience that can help you prepare for graduate school.

Short term Trips

Explore and connect with individuals from around the world with trips to places like India, Greece and the USA.

Prepare for your career:

Build your career knowledge, skills and connections throughout your degree. More ideas at uab.ca/AugCS

YEAR 1
