AUGUSTANA PROJECT-BASED CORE:

Learn the skills needed to succeed in university and create projects while gaining real working experience. Learn more at uab.ca/AugCore

AUIDS 101 (3 units, Fall)

The First-Year Seminar prepares students for university by teaching critical analysis, academic writing and fostering community involvement, enhancing career skills in various areas.

Your Academic Requirement Report in Bear Tracks shows your progress and provides complete details on your program. Not every student's path will be this linear. You may choose to take a lighter course load, take time off or participate in extracurriculars that will extend your program time. We recommend speaking to a student advisor about planning your degree. Learn more at uab.ca/AugSAS
