

Bachelor of Science/Bachelor of Education

(General Sciences)/(Secondary)

Passionate about teaching science? This program lets you earn two degrees in five years (three years at Augustana, two years on North Campus in Edmonton). Gain hands-on experience in rural or small-town schools while specializing in biology, chemistry, general sciences or math. Plus, choose a minor to boost your marketability! AUGUSTANA PROJECT-BASED CORE:

Learn the skills needed to succeed in university and create projects while gaining real working experience. Learn more at uab.ca/AugCore

AUIDS 101 (3 units, Fall)

The First-Year Seminar prepares students for university by teaching critical analysis, improving academic writing, fostering community involvement and introducing career skills.

*Your Academic Requirement Report in Bear Tracks shows your progress and provides complete details on your program. Not every student's path will be this linear. You may choose to take a lighter course load, take time off or participate in extracurriculars that will extend your program time. We recommend speaking to a student advisor about planning your degree. **Learn more at uab.ca/AugSAS***

Bachelor of Science/Bachelor of Education

(General Sciences)/(Secondary)

Degree-Enhancing Experiences:

Make the most of your time at university - take advantage of these opportunities and more!

Classroom Observation

Spend up to 20 hours in a local classroom observing and assisting teachers with their classes as part of AUEFX 200.

Community Service-Learning

Get hands on experience with sports teams, athletic services, physiotherapist.

Field Studies Courses

Engage in research projects that are relevant to ecology, parks, conservation biology, and natural resource management at the Augustana Miquelon Lake Research Station.

Short Term Trips

Explore local cultures and issues while connecting with individuals from around the world. 3-week courses take place in places like China, India and Italy.

Prepare yourself for a successful future:

Build your career knowledge, skills and connections throughout your degree. More ideas at uab.ca/AugCS
