

Integrative Biology

Biology explores life at various levels — from within cells, to organisms, to ecosystems, by examining structure, function, development, classification, ecology and evolution. Biology is essential in health and environmental sciences, but also informs art, design, engineering, law and more. Learn more at uab.ca/AugPrograms

AUGUSTANA PROJECT-BASED CORE:

Learn the skills needed to succeed in university and create projects while gaining real working experience. Learn more and see courses at uab.ca/AugCore

AUIDS 101 (3 units, Fall)

The First-Year Seminar prepares students for university by teaching critical analysis, improving academic writing, fostering community involvement, and introducing career skills.

AUIDS 401 (6 units, Fall & Winter)

Students gain the skills and knowledge needed to work professionally with community partners, while reinforcing their ability to work collaboratively on a project. Students will also gain the skills and tools to market the knowledge acquired in their degree in competitive job markets.

*Your Academic Requirement Report in Bear Tracks shows your progress and provides complete details on your program. Not every student's path will be this linear. You may choose to take a lighter course load, take time off or participate in extracurriculars that will extend your program time. We recommend speaking to a student advisor about planning your degree. **Learn more at uab.ca/AugSAS***

Integrative Biology

Degree-Enhancing Experiences:

Make the most of your time at university - take advantage of these opportunities and more!

Augustana Biology Club

Provides a fun and welcoming environment for students interested in bio. Explore interests and enhance learning in the field!

Field Studies

Engage in research projects that are relevant to ecology, parks, conservation biology and natural resource management right at Miquelon Lake Provincial Park!

Undergraduate Research

Develop a passion for discovery and communication. Work directly with faculty to contribute to the research community.

Certificate in Interdisciplinary Leadership Studies

Develop the skills, insights and confidence needed to take on the challenge of leadership in all aspects of life and society with this embedded certificate.

Prepare yourself for a successful future:

Build your career knowledge, skills and connections throughout your degree. More ideas at uab.ca/AugCS

YEAR 1

- Create your first professional resume
- Explore potential career pathways
- Join student groups and volunteer

YEAR 2

- Attend seminars on managing your career and job search
- Participate in the Job Shadow Program or Career Conversations

YEAR 3

- Get curious at Employer Information Sessions, Career Fairs, Mixers, Lunch and Learns, etc.

YEAR 4

- Refine your job interview skills
- Seek out networking opportunities on or off campus
