

Sustainability Studies

Resources are limited in our world – from water to money to time. This is why sustainability has become a priority for organizations. Discover how decisions impact our environment, our budgets and everyday lives. You'll be prepared to identify and implement new solutions to current challenges, both locally and globally. AUGUSTANA PROJECT-BASED CORE:

Learn the skills needed to succeed in university and create projects while gaining real working experience. Learn more and see courses at uab.ca/AugCore

AUIDS 101 (3 units, Fall)

The First-Year Seminar prepares students for university by teaching critical analysis, improving academic writing, fostering community involvement, and introducing career skills.

AUIDS 401 (6 units, Fall & Winter)

Students gain the skills and knowledge needed to work professionally with community partners, while reinforcing their ability to work collaboratively on a project. Students will also gain the skills and tools to market the knowledge acquired in their degree in competitive job markets.

Your Academic Requirement Report in Bear Tracks shows your progress and provides complete details on your program. Not every student's path will be this linear. You may choose to take a lighter course load, take time off or participate in extracurriculars that will extend your program time. We recommend speaking to a student advisor about planning your degree. Learn more at uab.ca/AugSAS

Sustainability Studies

Degree-Enhancing Experiences:

Make the most of your time at university - take advantage of these opportunities and more!

Field Studies Courses

Engage in research projects that are relevant to ecology, parks, conservation biology, and natural resource management at the Augustana Miquelon Lake Research Station.

Certificate in Innovation and Entrepreneurship

Cultivate your skills and capacity to make a difference in the world by addressing issues such as climate change, food security, or poverty.

India Study Tour

Visit Indian universities, organizations and development sites to gain an in-depth understanding of India, its cultural and religious diversity, and the challenges it faces.

Arts Work Experience

Gain invaluable workplace experience and mentorship through paid, full-time placements with a diverse range of employers and community partners.

Prepare yourself for a successful future:

Build your career knowledge, skills and connections throughout your degree. More ideas at uab.ca/AugCS
