

## Important Information Regarding Medical Forms

To ensure the highest quality of care and accuracy, please note the following regarding form completions (such as VoD, insurance, or third-party forms):

- **Timeline:** Forms are rarely completed during a single visit. Depending on the complexity, it may take 2–3 appointments to finalize.
- **Provider:** It is recommended that your designated family doctor completes your forms, as they have the most thorough understanding of your medical history.
- **Physician Discretion:** Physicians reserve the right to decline a form request. Additionally, as these are uninsured services, physicians have the discretion to adjust fees on a case-by-case basis.

**Please plan ahead to ensure your deadlines are met.**
